Queridos amigos,

Es un gran honor invitarlos a ser parte de una distinguida delegación de líderes empresariales, de educación superior y gubernamentales de México para visitar Minnesota el próximo 3-7 de Octubre 2016.

Después de nuestra exitosa misión comercial de Minnesota a México en el 2015, esta misión representa una oportunidad extraordinaria para seguir construyendo y fortaleciendo nuestros lazos de amistad, intercambios educativos y el comercio entre Minnesota y México.

Aplaudo el extraordinario trabajo de Minnesota State Colleges and Universities (MnSCU) y la Asociación Nacional de Universidades e Instituciones de Educación Superior (ANUIES) en el desarrollo de un modelo creativo para formar nuevas asociaciones empresariales, de educación superior y gubernamentales que impulsarán el intercambio de innovación, talento y desarrollo económico.

Minnesota y México tienen fortalezas complementarias que apoyan plenamente las asociaciones exitosas en los sectores prioritarios de esta iniciativa - la fabricación avanzada, la agricultura, los servicios empresariales, servicios de salud y el transporte.

Minnesota tiene cualidades notables y una base sólida para apoyar nuestros esfuerzos de colaboración – una fuerza laboral altamente calificada, una calidad de vida excepcional, ubicación geográfica estratégica, compromiso con la educación, una fuerte cultura de innovación y espíritu empresarial y un sólido apoyo público y privado e incentivos para el crecimiento corporativo.

En nombre de la gente de Minnesota, esperamos poder darle la bienvenida a su delegación en Octubre.

Saludos cordiales.

Atentamente.

ANUIES works internationally promoting **research**, **development** and **innovation** align to strategic regional opportunities involving the entire academic structure; **researchers**, **graduates** and **undergraduates**.

ANUIES is promoting the internationalization of the HEI President's agenda, through visits, programs, and attendance to the annual meetings of our partners.

ANUIES Cooperation with North America

- We work jointly with the following Mexican Consulates in the US in specific academic programs:
 - Boston
 - Minnesota
 - Sacramento
 - San Diego
 - San José

ANUIES Cooperation with North America

- North America (Mexico, US and Canada) is still the most competitive region.
- The 3 countries in North America produce the same as 28 nations in Europe or 13 from Asia.
- According to the document "US-Mexico Relations" published in 2015 by the U.S. Department of State:
 - The border region, defined as the ten US and Mexican border states, represents a combined population of nearly 100 million people and the world's fourth largest economy.
